

# MEMTAB2020 online platform Guidebook for participants

# 1. General guidelines

➤ Test your computer: <https://live.eventinsight.io/check.html>

➤ Tips & tricks:

Log in via a **desktop or laptop**. Do not use a smartphone or tablet.

Use **Google Chrome**. The latest version can be downloaded [here](#).

Make sure you have a good network connection. Preferably an **internet connection via cable**, especially if you are a presenter (keynote/invited/oral).

**Watch out with using a VPN or company network**, since this might block the live streams or slow down your internet connection. You can check your internet speed at <https://fast.com/>.

It is possible that a **firewall** is blocking your access. Please check if this is the case and turn off the firewall, allow the platform on your computer, or contact your local IT administrator.

## 2. Check-in and get going

- Enter your **personal login details** (received via email)

Problems with logging in to the platform? See the checklist on the previous slide or **contact us at [support@eventronics.eu](mailto:support@eventronics.eu)**

- Accept **privacy settings**
- **Take a tour:** get an introduction through the platform
- **Complete your profile:** add your profile photo and contact information

## 4. Create your own personal programme

Click on the tile 'programme'

➤ To find an overview of all sessions

➤ You can **add/remove sessions to your personal programme** by clicking on them in the programme overview.

➤ If you add them to your programme, they will appear in the **timetable** at the bottom of the lobby screen. You will also receive a **notification** when one of your sessions starts.

➤ You can consult your personal programme by clicking on '**menu**' in the navigation menu at the top of the lobby screen.

# 5. Networking

Click on the tile 'speakers'

- To find an overview of the keynote/ invited speakers and oral presenters

Click on the tile 'attendees'

- To find other participants

## ➤ Find other people at the event?

- Click on the tile 'Speakers' or 'Attendees'. You can filter according to who you are searching for.
- Or click on a person's name above their message, if they have posted a message in the lobby chat box.

## ➤ How can you network at the event?

- 1-on-1 messages: start chat
- Instant video chat
- Make a connection

Ann Moerenhout

# 6. Check out the poster presentations

Click on the tile 'posters'

➤ To find an overview of all posters

➤ **Find posters:** search and filter the list to find the posters that are of interest for you. An overview of all posters with their abstract is also available on the [conference website](#).

➤ **Video in full screen:** click on the YouTube logo

➤ **Interact and ask?** Chat via the chat box (public) & ask questions to the presenters.

➤ **Want to chat 1-on-1?** Click on the presenter's profile.

Posters will not be presented during the live event, but they are available for viewing as short video presentations. **From Tuesday December 8, 2020 until Sunday December 13, 2020** it will be possible to ask your questions to the presenters via the chat box. After that date, the chat box will no longer be available, but you can send a question if the email address is given by the poster presenters on their slides.

01. Predicting pre-eclampsia in nulliparous women using routinely-collected maternal characteristics: A model development and validation study - Zaid Al-Rubaie

Predicting pre-eclampsia in nulliparous women using routinely-collected maternal characteristics: A model development and validation study

# 7. Follow the live sessions on Dec 10<sup>th</sup> and Dec 11<sup>th</sup>

Click on the tile 'programme'

➤ To find an overview of all sessions

- **To join a live session:** click on the session of your choice and click on 'enter room'.
- **What can you do in a session?**
  - Watch content
  - Select your preferred view layout
    - First icon  - presentation in full screen
  - Ask questions
    - For all questions concerning the **content of the presentations** or **questions for the speakers:** use the chat box.
    - For all **technical questions or problems** during the live event, click on the 'help' button in the navigation menu.

The live event will take place in the afternoon of the 10<sup>th</sup> and 11<sup>th</sup> of December 2020. **Each day starts at 2:00 pm (CET).**

An **overview of the sessions** with the abstracts of all presentations can also be found on the [conference website](#).

SPEAKER OPTIONS

Please note that the standard setting mutes all microphones and cameras. Of course, presenters and moderators will be able to use audio and microphone.

# 8. Different chat boxes on the platform

In short, you have 4 chat boxes on the online platform

A presenter is online on the platform if there is a colored dot blinking next to his/her name.

## 1. Personal chat

- Click on the chat button in the navigation menu to chat with other participants. This chat is personal, not public. (see slide 'Networking')

## 2. Chat box in a poster presentation

- Use the chat box that you find next to a poster presentation to ask your question to the poster presenter. This chat box is public and will be visible during the live event. (see slide 'Poster Presentations')

## 3. Chat box during the live sessions

- Use the chat box in the live sessions to ask your questions to presenters. The moderator of the session will only handle the questions that are posted in this chat box during a live session. (see slide 'Follow the live sessions')

## 4. Lobby chat

- Use the lobby chat to post general messages to everybody that is on the platform. Messages that are posted in the lobby chat will remain visible during the whole event.

# 9. Notifications

Stay notified when:  
➤ You have something coming up in your programme

# 10. After the live event

## Did you miss anything?

- Re-watch the recording of all live sessions and the pre-recorded poster presentations
- After the live event, you can use the same link to enter the **on-demand platform**, where you can **re-watch the recordings** of all live sessions and the poster presentations **until Thursday January 7, 2021**. The networking and chat functions will no longer be available.
