LA PITIÉ “INTERNATIONAL DIPLOMA IN ECMO & SHORT-TERM RESPIRATORY/CIRCULATORY SUPPORT”

AIM

This comprehensive and practical learning program will provide you with the skills for managing ExtraCorporeal Life Support in patients with respiratory and/or cardiocirculatory failure.

PROGRAM OVERVIEW

- Discussions of concrete cases at patient's bedside during ICU rounds.
- Refresher lectures on physiology, epidemiology, diagnosis, first line treatment and outcomes of severe respiratory and cardiac failure.
- Principles, techniques, indications and management of:
 - VA-ECMO for medical and post-heart surgery refractory cardiogenic shock and for cardiac arrest patients;
 - IABP, Impella®, TandemHeart® and other short-term mechanical devices for refractory cardiogenic shock;
 - VV-ECMO for refractory respiratory failure;
 - ECCO2R for respiratory failure.
- Troubleshooting and management of complications of ExtraCorporeal Life Support devices.
- ExtraCorporeal Life Support for heart and lung transplantation.
- Long-term outcomes after ExtraCorporeal Life Support.

PROGRAM COST

The fee for the Diploma is 1600€. This cost includes registration fees, course materials and lunches.
